Chairman Tom Wheeler
Federal Communications Commission
445 12 Street, SW
Washington, DC 20554

**RE: MB DOCKET NO. 15-149
REQUEST FOR APPROVAL**

Chairman Wheeler, the 2014 estimated population of our beloved Ontonagon County was listed at only 6,200. This is a decrease of 9 percent in four years. In a rural area such as this, every job is critical to our local economy.

As president of our local Economic Development Corporation, we eagerly await a thriving commercial operation to move into our vacant building formerly occupied by a small manufacturing business.

Through the proposed efficient merger by Charter Communications, Time Warner Cable, and Bright House Network, speedy connections to the Internet will vastly improve the business climate. By attracting new commerce, our residents will be gainfully employed. This will help to stop the exodus of our population.

Your enthusiastic support of MB Docket No. 15-149 is top priority. With your positive action, you will provide Ontonagon County with a job-friendly environment.

Cordially yours,

MCMILLAN ECONOMIC DEVELOPMENT CORPORATION

MICHAEL URBIS, PRESIDENT
